

Slalom Progress Awards

Developed in conjunction with coaches from across the national associations, the Slalom Progress Awards are a fun, supportive and engaging resource for coaches and clubs to access in order to help them introduce new participants into the sport of Canoe Slalom.

The awards provide a systematic way to help shape and structure a series of sessions, motivating participants to progress through a range of technical competencies, fundamental behaviours, building water confidence and safety awareness.

The award leaflet is waterproof and comes with stickers and a certificate for the coach to award to participants at the completion of each stage.

For more information about the Slalom Progress Awards and how they can be used then please watch this [short presentation](#) from Jonathan Davies (Talent Pathway Officer - Canoe Wales) and Daniel Thompson (Slalom Foundations and Support Lead - Paddle UK)

These leaflets are freely available to clubs in both England and Wales and can be accessed via:

- Any Welsh based Slalom club via Jonathan Davies - jonathan.davies@canoewales.com
- Any English based Slalom club via Daniel Thompson - daniel.thompson@paddleuk.org.uk
